# R.P.A.C

Residential Placement Advisory Committee

## What Is R.P.A.C?

- Skylark operates R.P.A.C for Toronto children and youth.
- R.P.A.C. reviews if your residential placement is right for you and fits your needs.
- Our friendly and experienced committee members take all viewpoints into consideration.

## *When do reviews happen?*

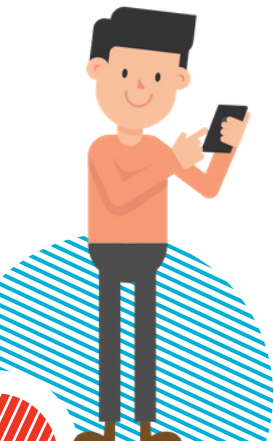

- When you move in to a home with 10 or more youth the R.P.A.C. review takes place within the first six weeks.

**OR**

- When your residential placement of any kind or size doesn't feel like it's working for you, contact us!

## *What does a review look like?*

- We will schedule a visit or a phone call with you. Tell us what you like, how things are going and share any concerns about your placement.
- The review can include others who are involved with your care.
- Our hope is that you will take part in the review, but if you choose not to it's okay.
- We will contact you with the R.P.A.C. results and recommendations.
- Contact us anonymously if you have questions about the R.P.A.C Review process. We're here to help.
